

# QVIKTRAK mounting instruction

**1**  
Put the sitting bone support firmly to the pelvic sittingbones  
  
Pull the pelvic bands around the pelvic above the iliac crests, tighten

**4**  
The velcros are put around both thighs and around both lower legs

**2**  
The QVIKTRAK Length is set 5-7 cm beyond the foot

5-7 cm

**3**  
One hand continues the pull, the other hand compresses the T-bar spring and brings the hook into the ring of QVIKHARNESS
